CHOOSE USERNAME AND PASSWORD

The image shows a screenshot of the Weebly website. At the top is a navigation bar with links: Home, Features, Blog, Support, About Us, and Contact Us. The main content area has a blue header with the text "Create a Free Class Website and let your students build sites too". Below this is an illustration of a laptop displaying a classroom website, with books, a chalkboard showing $3+4=7$, and an apple. To the right is a "Get Started Now" sign-up form. The form includes fields for Username, Password, and Email. The Username field has a yellow highlight and the text "not available" next to it. The Password field is masked with dots. Below the fields is a checkbox for "I accept the terms of service" and a "Sign Up" button.

ADD SITE

The screenshot shows a web dashboard with a blue navigation bar at the top containing the following links: SITES, MY STUDENTS, DOMAINS, ACCOUNT, and SUPPORT. Below the navigation bar, the main content area is titled "My Sites". In the top right corner of this area, there is an orange button labeled "Add Site", which is circled in red. A red arrow points from the bottom left towards this button. To the right of the "My Sites" area, there is a green promotional box with the text "Give your site a fresh new look for summer" and two buttons: "Shop Plans" and "Shop Domains". Below this, there is a "To-Do List" section with a progress bar and a list of tasks: "Learn about header types", "Add a blog", "Create a second site", "Create a site", "Add multiple pages", and "Publish a site". The first three tasks are unchecked, while the last three are checked with green checkmarks.

CUSTOMIZE BLOG SETTINGS

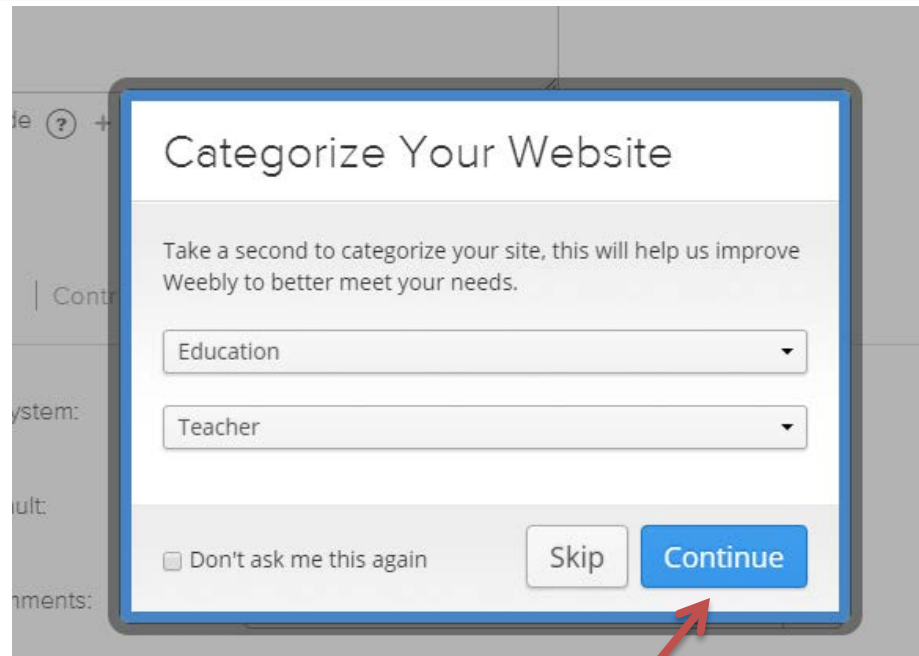

The screenshot shows a web application interface for customizing blog settings. At the top, there is a navigation bar with tabs: FREE, BUILD, DESIGN, PAGES, STORE, SETTINGS, and a red circle around the PUBLISH button. The left sidebar contains a menu with icons for General, SEO, Editors, Store, and Blog. The main content area is titled 'Blog | Blog' and 'General | The basic settings of your blog'. It includes settings for 'Posts per page' (set to 10), 'Post share buttons' (set to ON with a 'Customize' link), 'Blog sidebar' (set to ON), and 'Post header code' (with a text input field). A red arrow points from the 'Publish' button in the top right to the 'Customize settings based on your preferences and click on Publish' text at the bottom. A 'Updated' status message is visible in the bottom right corner of the settings area.
